Notification for Civil Applicant Account Holders

The State of Nevada Department of Public Safety (DPS) Record, Communications and Compliance Division is the liaison between the State of Nevada and the Federal Bureau of Investigation (FBI) for fingerprint submissions as required by State or Federal Law for employment or licensing.

In order to reduce unnecessary handling, processing errors, billing issues and invalid dissemination of the Criminal History Record Information we are asking that each account holder create a Fingerprint Request Form to provide to their applicants. The implementation of the Fingerprint Request Form, as a “Best Business Practice”, will ensure that your applicant is presenting all of the required and authorized information to the fingerprinting site.

We have included a sample Fingerprint Request Form to assist you in developing a document specific to your agency or business entity. This form contains all of the information that is required for successfully processing fingerprints for State and FBI criminal history background checks. Additionally, the sample form includes a section for applicant information, authorized entity information (agency or business entity) and the fingerprint site information.

We really appreciate your cooperation and willingness to implement this “Best Business Practice”. The creation of the Fingerprint Request Form specific to your agency or business entity will help ensure that you are receiving responses and monthly billing for only your applicants.

Please feel free to contact me with any questions that you may have.
