I-

The success of the Nevada Uniform Crime Reporting Program hinges on the complete, accurate and timely participation of all of Nevada's law enforcement agencies. The program was established with the support of criminal justice and law enforcement agencies statewide in July of 1991 (Nevada Revised Statute 179A.078).

Although responsibility for actual development and execution of the program was vested in the Nevada Highway Patrol, the individuals at the municipal, county and state levels who submit the raw data are the entities ultimately critical to its viability. Accordingly, we recognize the following dedicated people.

Tom Bednark	Linda Fisher	Chad Odegard
Boulder City Police Department	Lander County Sheriffs Office	Pershing County Sheriffs Office
Daria Hoadley	Sgt. John Wilcock	Karen Rogers
Carlin Police Department	Lincoln County Sheriffs Office	Reno Police Department
Becky Neep	Pita Ensel	Debbie Bartley
Carson City Sheriffs Office	Lovelock Police Department	Sparks Police Department
LaRonda Atchison	Batt. Chief Steve Van Natta	Jessie Warren
Churchill County Sheriffs Office	Las Vegas Fire Department	Storey County Sheriffs Office
Marty Freeman	Sharon Mendoza	James Morrow
Clark County School District PD	Las Vegas Metropolitan PD	UNL V Police Department
Dianne Akopian	La Shele Renner	Jeanne Ohlson
Douglas County Sheriffs Office	Lyon County Sheriffs Office	UNR Police Department
Judy Smith	Cheryl Hughes	Jerry Schultz
Elko County Sheriffs Office	Mesquite Police Department	Washoe County School District PD
Kerry Edson Elko Police Department	Laurie T. Decker Mineral County Sheriffs Office	Denise Christie Washoe County Sheriffs Office
Michelle Knight	Judy Lampshire	Pauline Garzand
Esmeralda County Sheriffs Office	NHP Headquarters - Carson City	Wells Police Department
Lt. Keith Hoehne	Sally Lopez	Bobbie Bostock
Eureka County Sheriffs Office	NHP Region I - Las Vegas	West Wendover Police Department
Glenda Dockery	Sue Merron	Josephine Benevides
Fallon Police Department	NHP Region II - Reno	White Pine County Sheriffs Office
Cindy Kim	Lt. Tom Johnson	Nancy Johnson
Henderson Police Department	NHP Region III - Elko	Winnemucca Police Department
Julie Lynn	Laura Marscheck	Kayelynn Savage
Humboldt County Sheriffs Office	North Las Vegas Police Department	Yerington Police Department

Georgiana Barnwell

COLONEL MICHAEL E. HOOD, CHIEF HEADQUARTERS 555 WRIGHT WAY CARSON CITY, NEVADA 89711-0525 (775) 687-5300

FOREWORD

The Nevada Highway Patrol is pleased to submit the sixth edition of the Uniform Crime Report, Crime and Justice in Nevada 1999.

On behalf of all Nevadans, I personally want to thank, each law enforcement agency across the state for providing the monthly offense and arrest reports that are compiled in this document. I believe this report contains valuable information in helping law enforcement personnel and members of State and local government to plan effective crime prevention programs.

In 1999, the overall crime rate in Nevada decreased approximately 7% when compared with the 1998 rate. The rate of property crimes (burglary, larceny, motor vehicle theft and arson) decreased by 8.8%. Significantly, burglary went down 11.4%. The rate of violent crimes (murder, rape, robbery and aggravated assault) as a group decreased 8.3%, with aggravated assault by itself dropping 12.5%.

Those of us, who work in the profession of aw enforcement, are encouraged with the continued downward trend. However, from experience we have learned not to become complacent with these numbers. Crime is a social problem and a concern for the entire community. We will continue to take advantage of new technology and strive to keep Nevada a safe place to live.

Sincerely,

fYl.~-+/~

Colonel Michael E. Hood Chief

INTRODUCTION

The Uniform Crime Reporting (UCR) Program is a nationwide cooperative effort of over 17,000 city, county and state law enforcement agencies voluntarily reporting data on crime. The monthly contributions to Nevada's current program, with 30 local law enforcement agencies reporting full-time, represents a solid beginning in establishing an effective statewide criminal justice information system (CJIS). We invite remaining non-participating local law enforcement agencies to join their peers in this effort and participate in this important program.

Inquiries concerning Uniform Crime Reporting may be directed to:

Department of Motor Vehicles and Public Safety Nevada Highway Patrol Uniform Crime Reporting 808 West Nye Lane Carson City, NV 89703 Tel (775) 687-1600 x236

Ideally, UCR data will eventually merge with that of the other major components of the criminal justice system (i.e. prosecutors, courts, and corrections) to form an integrated system for the exchange of vital management information. The availability of such data will enhance law enforcement's proactive response to crime and justice in Nevada. The Nevada Highway Patrol has administered the UCR Program as a statewide, standardized method of collecting statistics on crime as it is reported to law enforcement. The UCR Section also produces a reliable set of criminal statistics for use in law enforcement administration, operation and management. Additionally, Nevada's statistics are forwarded monthly to the Federal Bureau of Investigation for inclusion in its annual report, "Crime in the United States."

Over the years, we hope UCR data will be used as a leading social indicator. With this annual report, Nevada's citizens can look to UCR as the primary information source on the nature and extent of crime in Nevada. Criminologists sociologists, legislators, state and local planners, the media and academicians can use the statistics for wide and variec research, planning and other applications.

CRIME FACTORS

Statistics gathered under the Uniform Crime Reporting Program are submitted by the law enforcement agencies of Nevada and represent a spectrum of crime on statewide, county and municipal levels. Awareness of the presence of unique variables is necessary if fair and equitable conclusions are to be drawn. These crime-influencing factors are present, to some degree, in every community and their presence affects, in varying degrees, the crime developments of the community. Comparison of crime figures between communities should not be made without first considering individua factors present in each community. Crime, as an outgrowth of society, remains a social problem of grave concern and the police are limited in their role as to its detection and suppression. As stated by the President's Commission on Law Enforcement and Administration of Criminal Justice in their report, "The Challenge of Crime in a Free Society," (1967-Page 92);

"But the fact that the police deal daily with crime does not mean that they have unlimited power to prevent it, or reduce it, or deter it. The police did not create and cannot resolve the social conditions that stimulate crime. They did not start and cannot stop the convulsive social changes that are taking place in America."

"They do not enact the laws that they are required to enforce, nor do they dispose of the criminals they arrest. The police are only one part of the criminal justice system; the government is only one part of society. Insofar as crime is a social phenomenon, crime prevention is the responsibility of every part of society. The criminal process is limited to case by case operations, one criminal or one crime at a time."

Set forth in the following are some of the conditions which will, by type and volume, affect crime that occurs from place to place:

- --Size and density of community population and the degree of urbanization in the surrounding area -- Compositions of population with particular reference to youth concentration
- --Economic status of population, median income and job availability
- --Relative stability of population, including commuters, seasonal, and other transient types --Modes of transportation and area highway systems
- --Climate, including seasonal weather conditions
- --Cultural conditions such as educational, recreational, and religious characteristics
- --Standards governing appointments to the police force
- --Policies of prosecuting officials; the courts, correctional and parole/probation officials --Effective strength of law enforcement agencies
- --Attitude of the public toward reporting crime and participation in the prosecution of offenders
- -- The administrative and investigative efficiency of local law enforcement agencies, including the degree of adherence to crime reporting standards
- --Organization and cooperation of adjoining and overlapping police jurisdictions

The primary goal of this program is to identify crime and related problems. Statistics in this publication should not be used to measure or evaluate workloads and results of individual contributing departments. While most police agencies are collectively viewed as crime-fighting units, considerable independent research shows only a small portion of the workload of many departments is spent fighting crime. Because of other assigned duties, the peculiar cycle of crime and clearances, and different community factors that normally affect crime statistics, no conclusions regarding individual departments should be made without consulting directly with the agency being analyzed.

Crime rates in this publication are based on the resident population of the state and its subdivisions as established and published by the Nevada Department of Taxation and Nevada State Demographer. Population estimates are revised annually. Seasonal population figures are too inaccurate and fluctuate too rapidly to be used in determination of crime rates. Most Nevada communities experience rather wide seasonal population fluctuations due to the nature of the state's major industry - gaming/tourism. Accordingly, actual crime rates per thousand reported here may appear higher than might be expected for a community of comparable size without substantial fluctuations. This should not deter police administrators from using the data for planning and administrative purposes. Local seasonal population data is available which can be utilized for further statistical refinements.

Additionally, readers are cautioned not to make direct comparisons between crime rates reported for Nevada communities and those of communities of similar size in other states without first carefully analyzing and applying local modifying factors.

POTENTIAL USES of UCR DATA

The Nevada program is unique among similar state programs as it is dedicated to doing more than just gathering statistics. The program is dedicated to providing statistical support services to its contributors and in producing a variety of reports, or crime profiles, on an as-needed basis. These crime profiles will set the stage for extensive use of the data by police administrators and other criminal justice agencies.

Persons reading this report may question, "How good are Uniform Crime Reports and how may they be used?" Initial responses that come to mind may be limited, but as the information is examined more closely, many and varied uses are discovered. Foremost is keeping the public informed as to the volume and nature of crime, that they may judge and act accordingly. In actuality, UCR is a multi-faceted vehicle of many uses. Here are a few, but my no means all, as they relate to different groups and agencies.

Law Enforcement Contributors

Administrative information relating to:

- 1. Budget need and justification
- 2. Staffing number needed as to state average number of employees vs. population and crime rate
- 3. Department composition Patrol, Administration, Jail, Laboratory, Detective Division, Juvenile
- 4. Identified problem crimes

- 5. Disbursement of personnel and shifts in accordance with the crime picture of individual communities with avoidance of duplication of services in cases of concurrent jurisdiction
- 6. Training according to crime problem prioritization
- 7. Equipment procurement by justified need
- 8. Selective enforcement by crime volume, particular times and seasons through UCR information Crime
- 9. Profiles identification of problems unique to individual communities
- 10. Long-range Planning as anticipated by crime trends

Governor and Legislature

- 1. Broad, accurate picture of crime in Nevada by location, volume, type and rate, as derived from records of all reporting enforcement agencies
- 2.3. Guide to valid funding needs of special interest groups and their requests for same
- 4. Need for more or fewer specialized programs Identification of crime trends and their relationship(s) to training, courts, corrections and other criminal justice agencies
- 5. Identification of various social problems relating to drugs, alcohol, juveniles and rehabilitation
- 6. Effectiveness of various social programs related to the above

Courts - Prosecution

- 1. Valuable general research information on crimes within the areas being served
- 2. Crime trend information
- 3. Identification of problem crimes to be considered in the prosecutorial and judicial processes

Press

A factual source for use in reporting crime and socially-related problems

Social Agencies

- 1. Identification of problem areas for concentration of remedial activities
- 2. Application for general evaluation of programs effectiveness

Educational Institutions

Educators at all levels can use UCR data for various studies, budget preparation and planning.

These are a few possible uses, undoubtedly many more exist. The larger the UCR database becomes, the clearer its value will become. Since effective problem solving begins with problem identification, UCR will continue to be meaningful for years to come.

Nevada UCR believes the data provided here can serve as a catalyst for some departments to establish modern record systems for the first time. With other agencies it may spur emplacement of needed system upgrades. This will enable administrators at the chief and sheriff levels to be able to take a renewed look at their departments, potentially effecting beneficial internal operational changes. Awareness by subordinate personnel that their reports and arrest information are being used, not just filed away, will result in better and more comprehensive reporting. Finally, the periodic release of crime information to the general public will keep the crime problem in its proper perspective.

REPORTING PROCEDURE

In Nevada's Uniform Crime Reporting Program, contributing law enforcement agencies are wholly responsible for compiling their own crime reports and submitting them to the Uniform Crime Reporting Section of the Highway Patrol in Carson City. The UCR Section, to maintain data quality and uniformity, furnishes to the contributing agencies continuous training and instruction in Uniform Crime Reporting procedures. All contributors are also given data submission guidelines, report forms and a State of Nevada UCR Guide that outlines, in detail, procedures to score and classify offenses. The guide illustrates and discusses the monthly and annual report forms.

A centralized record system is vital to the sound operation of any law enforcement agency. It is an essential element for crime reporting. Trained UCR personnel at the state level assist contributors in following established reporting procedures.

On a monthly basis, law enforcement agencies (state, county and municipal) report the number of offenses that become known to them in the following crime categories:

- 1. Criminal Homicide
 - a. Murder and Non-Negligent Manslaughter
 - b. Manslaughter by Negligence (not an index crime)
- 2. Forcible Rape
 - a. Rape by Force
 - b. Attempts to Commit Forcible Rape
- 3. Robbery
 - a. Firearm
 - b. Knife or Cutting Instrument
 - c. Other Dangerous Weapon
 - d. Strong-Arm (Hands, Fists, Feet, etc.)
- 4. Assault
 - a. Firearm
 - b. Knife or Cutting Instrument
 - c. Other Dangerous Weapon
 - d. Hands, Fists, Feet, etc, Aggravated
 - e. Hands, Fists, Feet, Not Aggravated (not an index crime)
- 5. Burglary
 - a. Forcible Entry
 - b. Unlawful Entry No Force c.

Attempted Forcible Entry

- 6. Larceny-Theft (except motor vehicle theft)
- 7. Motor Vehicle Theft a.

Autos

- b. Trucks and Buses
- c. Other Vehicles
- 8. Arson

In addition, the agencies submit the number of arrests recorded, by sex and age, for twenty-one other "Part II" offenses. Descriptions of these offenses are provided beginning on page 159.

Another facet of the UCR Program involves the collection of "hate crimes". In 1990, the President of the United States signed into law the "Hate Crime Statistics Act of 1990". The data identifies crimes that manifest evidence of prejudice based on race, religion, sexual orientation, ethnicity and physical or mental disabilities.

Whenever complaints of crime are determined through investigation to be unfounded or false, they are subtracted from the actual count. The number of "actual offenses known" in these crime categories is reported to the Nevada UCR Section whether or not anyone is arrested for the crime; the stolen property is recovered; prosecution is undertaken; or any other restrictive consideration is in effect.

Other data configurations which contributing agencies tally through the UCR system:

- --Number of crimes cleared by arrest or exceptional means
- --Number of crimes cleared involving persons under age 18
- --Number of enforcement officers killed or assaulted
- -- Type and value of property stolen and recovered

ď

11

,\

--Number of arrests for all criminal acts (except traffic violations), broken out by arrestee age, sex and race --Number of sworn and civilian enforcement personnel employed by agency type --Number of "hate crimes"

HEIRARCHY RULE

The experience of law enforcement agencies handling UCR data shows that, for the most part, offenses of law occur singly as opposed to many being committed simultaneously. In these single-offense situations, it must be decided whether the crime was one of the Index offenses, and if so, it is scored accordingly. However, if several offenses are committed at the same time by a person or a group of persons, a different approach must be used in classifying and scoring. As a general rule, a multiple offense situation requires classification of each of the offenses and identification of those that are Part I crimes. The Part I offenses involved must then be located within their ranked list, which goes from most to least priority (this list is provided starting on page 157). The offense, which is highest on the list, is scored. The other offenses involved in the incident are ignored. The Hierarchy Rule, which requires counting only the highest offense on the list and ignoring all others, applies only to crime reporting and does not affect the number of charges for which the defendant may be prosecuted in the courts.

VERIFICATION PROCEDURE

':.

Data uniformity and accuracy is of primary concern under this program. With coverage of approximately 38 reporting jurisdictions within the State of Nevada, the problems with attaining uniformity are apparent. Issuance of instructions and training of personnel within contributing agencies does not complete the role of the UCR Section. It is standard operating procedure to examine each incoming report for mathematical accuracy and completeness, and perhaps of even greater importance, for reasonableness as a possible indication of error.

Clearance factors, recovery rates and other elements are scrutinized and changes are suggested to the contributors where needed. In the instance of minor mathematical corrections, the contributing agency is either contacted by phone or inperson visitations are made by qualified UCR program personnel.

The possibility of report duplication requires constant verification through internal consistency checks. If duplication is suspected, the contributing agency is immediately contacted and the matter is resolved in accordance with guidelines. Continual analysis of reports is maintained to assist contributors when needed and to maintain the quality necessary for a factual and successful program. In addition, quality assurance staff visits contributors to cooperatively assist in necessary revisions of records and reporting methods.

Regardless of the extent of the quality control process employed by the Uniform Crime Reporting Section, the accuracy of the data assembled under this program depends on the sincere effort exerted by each contributor to meet the necessary standards of reporting. We are especially grateful to the UCR support staff in each contributing agency for their diligence and persistence, and their constant attention to reporting policies and procedures.

STATEMENT OF POLICY FOR RELEASE OF UCR STATISTICAL INFORMATION

The following policies provide guidance concerning the release of UCR statistical information. All information to be released s approved by senior staff prior to being released.

- 1. Nevada UCR will publish annual and monthly reports, reflecting crime in the state. These reports will be distributed without charge to the governor, members of the legislature, the attorney general, law enforcement agencies and any agency or committee dedicated to law enforcement or criminal justice work.
- 2. Published reports will be released to the above named entities prior to being released to individuals or agencies extraneous to the criminal justice community.
- 3. UCR statistical information concerning any individual agency will not be released to any entity or agency, if the information has not previously been published, without the written consent of the chief administrator of that agency. The Uniform Crime Reporting Section will maintain, for one year, a copy of the information released along with the request and the authority of release.
 - A. Information contained in the published annual report may be released via telephone, letter, etc., to any interested party.
 - B. All requests for unpublished information should be directed by letter to the Program Supervisor, UCR Section. These special requests will be honored only with the written consent of the agency whose statistics are requested.
 - C. Law enforcement agencies may receive interim, unpublished, specialized reports germane to their agency upon request.

PROFILE OF THE STATE OF NEVADA

This profile is presented to provide some general knowledge and facts about the State of Nevada. The information might assist users of this publication in understanding the environment in which reported crime incidence and arrest data occurred.

NEVADA FACTS AND FIGURES

- ---Nevada is the seventh largest state in the United States, covering 110,540 square miles. The state's long western border is shared with California, the most populous state in the union. On it's northern and eastern borders are the states of Oregon, Idaho, Utah and Arizona. The state's longest distance from the northwest corner to the southern tip is approximately 600 miles. At the widest point it is nearly 350 miles.
- ---Nevada consists of seventeen counties, ranging in size from 153 square miles for the state capitol of Carson City to over 18,000 square miles for Nye County, one of the largest counties in the United States.
- ---The geography of the state consists of rugged desert and mountain terrain, with the highest mountain peak (Boundary Peak in Esmeralda County) having an elevation of 13,146 feet above sea level and the lowest point on the Colorado River having an elevation of 490 feet.
- ---Nevada has a four-season climate, with wide variations between its northern and southern latitudes. Low temperatures in the north can go well below zero in the winter months, while high temperatures in the south can climb well over one hundred in the summer (degrees Fahrenheit). It is the most arid state in the country, receiving an annual average of less than ten inches of precipitation.
- ---Of Nevada's total land area, 85.3% is controlled by the federal government, state and local governments control .3% and 1.6% falls under the jurisdiction of 22 American Indian reservations. The United States military, which has a significant presence, has reserved very large areas.
- ---Nev-ada's population increased by over 54% between 1980 and 1990 (from 800,508 to 1,236,130) and by 62.8% from 1990 to 1999 (1,236,130 to 1,967,650). The state has experienced the fastest rate of growth in the nation for the past several years. Due to these tremendous long-term increases, several communities have been hard-pressed to provide necessary infrastructures. This trend is expected to continue, although possibly at a slightly lower rate. Despite this growth, Nevada remains one of the most sparsely populated states, with about 18 people per square mile. Fully 85% of the state's total population is located in the counties of Clark (1,343,540) and Washoe (323,670).
- ---In 1997, the Nevada State Demographer-University of Nevada, Reno, estimated the following population composition for Nevada in 1999: White, 87.3%; Hispanic, 13.2%; African Americans, 7.6%; Asian and Pacific Islanders, 3.3%; Native American Indians, 1.8%; Youth age 19 and under, 28.8%; Elderly aged 55 and over, 21.6%.
- ---Tourism and gaming are the state's largest industries. The gaming industry generated monthly average taxable revenues of \$751 million in 1999. Over 59 million persons visited in 1999. Of concern to Nevada is the rapid spread of gaming to other states and Indian reservations. The Las Vegas area has responded by expanding and building huge "destination" or "theme" resorts, catering to a broader spectrum of interests.
- --- A substantial ongoing effort has been successfully undertaken to diversify Nevada's economy. Hundreds of out-of-state firms have relocated to Nevada and thousands of new businesses have opened.
- ---Nevada is the largest gold producer in the United States and ranks in the top ten in the world. The bulk of this mining boom has occurred within the past ten years and has primarily taken place in the rural northern part of the state.

Lady Justice

At a total cost of \$236.00, an unblindfolded Lady Justice adorns the Storey County Courthouse; she was placed there upon its completion in 1877. According to the plans and related story in Gold

Hill Daily News:

"The facade will be ornamented by a figure representing Justice, with scales and sword that are orthodoxically supposed to belong to her. In the drawing she is represented without her eyes being blindfolded, which to some may be objected to as unconventional, but when one considers that this representative dispenser of awards and punishments will be compelled to stand out and take all the sand thrown in her eyes by the Washoe zephyrs, it will be readily conceded that her eyesight would not last long enough for her to get so much as a glimpse of the great wealth to be obtained by wickedly swaying the scales of Right and Wrong. It makes little difference if whether

the blind is on or off."

Storey County's Lady Justice is the only statue of her kind to adorn the exterior of any building in Nevada.

NEVADA CRIME CLOCK -1999 HIGHLIGHTS

One INDEX CRIME OFFENSE every 6 minutes, 12 seconds

One VIOLENT CRIME every 51 minutes, 58 seconds

One
PROPERTY CRIME
every 7 minutes, 3 seconds

One MURDER every 2 days, 5 hours

One BURGLARY every 30 minutes, 50 seconds

One RAPE every 9 hours, 17 minutes

One LARCENY every 12 minutes, 11 seconds

One ROBBERY every 2 hours, 5 minutes

One MOTOR VEHICLE THEFT every 40 minutes, 8 seconds

One AGGRAVATED ASSAULT every 2 hours, 45 minutes

One ARSON every 14 hours, 2 minutes

The crime clock should be viewed with care. Being the most aggregate representation of UCR data, it is designed to convey the annual reported crime experience by showing the relative frequency of occurrence of the Index Offenses. This mode of display should not be taken to imply regularity in the commission of the Offenses, rather, it represents the annual ratio of crime to fixed time intervals.

CRIME IN NEVADA 1999 - HIGHLIGHTS

CRIME RATE

The Nevada Crime Rate is based on the occurrence of an index offense per 1,000 residents of the state. Municipal and county rates are based on their individual populations. The state crime rate for 1999 was 43.10 per 1,000. The comparable rate for 1998 was 50.07. The state population utilized was 1,967,650, the latest available estimate for 1999 from the State Demographer, Bureau of Business and Economic Research, University of Nevada.

INDEX OFFENSES

There were 84,809 Index Offenses reported by enforcement during 1999-a decrease of 8,112 offenses (8.7%) from the 92,921 offenses reported in 1998. Nevada's ten-year average for total index offenses (1990-1999) was 89,600.

VIOLENT CRIMES

Murder, rape, robbery and aggravated assault make the "violent crimes" category. Violent crimes as a group decreased by 937 offenses from 1998 for a 8.3% drop. During 1999 violent crimes totaled 10,311. The 1998 total was 11,248. Violent crimes accounted for 12.2% of all reported index crimes (12.1% in 1998) and displayed a crime rate of 5.2 per 1,000 population. Nevada's ten-year average for violent crimes (1990-1999) was 11,420.

PROPERTY CRIMES

Property crimes, consisting of burglary, larceny, motor vehicle theft and arson decreased in 1999 by 7,175 offenses (8.8%) from 1998. There were 74,498 offenses reported in 1999, with 81,673 experienced in 1998. Property crimes accounted for 87.8% of all index crimes in 1999. with a crime rate of 37.9 offenses per 1,000 population. Nevada's ten-year average for property crimes (1990-1999) was 68,025. Special Note: National arson data was not sufficient prior to 1994 and is not included in totals delineated here.

MURDER

There were 165 murders committed in Nevada during 1999, down by 9 (5.2%) from the 174 murders reported in 1998. Included in this total were three manslaughters by negligence. Law enforcement cleared 127 murders this year (77.0%). Nevada's ten-year average for homicide offenses (1990-1999) was 165.

RAPE

Forcible rapes increased by 32 during 1999. There were 943 offenses reported to enforcement in 1999, compared to 911 in 1998. Of the total, 779 were actual rapes, while 164 were classified as attempts. Nevada's ten-year average for rape offenses (1990-1999) was 891.

ROBBERY

Robberies decreased by 244 offenses (5.5%) during 1999, from 4,453 in 1998 to 4,209. Nevada's ten-year average for robbery offenses (1990-1999) was 4,475.

AGGRAVATED ASSAULT

Nevada law enforcement reported 4,994 aggravated assaults during 1999, a decrease of 716 (12.5%) from the 1998 figure of 5,710. In addition, there were 27,100 simple assaults in 1999. Nevada's ten-year average for aggravated assault offenses (1990-1999) was 5,890.

BURGLARY

burglary offenses (1990-1999) was 18,737.

LARCENY

The crime of larceny in Nevada for 1999 totaled 43,167, a 8.9% decrease from the 1998 figure of 47,367. Thefts from motor vehicles and buildings represented 35.2% of all larceny crimes reported. Nevada's ten-year average for larceny-theft offenses (1990-1999) was 48,160.

MOTOR VEHICLE THEFT

The number of motor vehicle thefts decreased by 672 (4.9%) during 1999, from 13,766 in 1998 to 13,094. Nevada's ten year average for motor vehicles stolen (1990-1999) was 10,869.

ARSON

Arson was added to the list of reportable index crimes in 1980. During 1999 there were 624 arsons reported in Nevada, compared to 667 in 1998. This represents an decrease of 6.4%. Estimated property loss from these offenses totaled \$9,506,677.

STOLEN/RECOVERED PROPERTY

During 1999 law enforcement agencies recorded \$142,210,934 worth of property stolen during the commission of index crimes. They were able to recover \$44,849,372 (31.5%).

CLEARANCE RATE

Law enforcement agencies cleared 24.5% of all index crimes in Nevada in 1999, an increase of 8.7% over 1998. Nationally, 21.3% were cleared in 1998.

ARRESTS

The total number of persons arrested, summoned or cited by enforcement in 1999, including juveniles and adults, was 140,808 or 1.1% under the 1998 total of 142,388. Drug arrests for adults totaled 9,901 and juveniles accounted for 1,755 more (this does not include arrests by Nevada Division of Investigations, but does include the drug arrests made by the Nevada Highway Patrol). Drug arrests for adults and juveniles in 1998 were 10,180 and 1,437 respectively. Nevada's total arrest rate per 1,000 population in 1999 was 71.6, excluding the Nevada Highway Patrol.

OFFICER ASSAULTS

Nevada law enforcement officers experienced 479 assaults in 1999, a increase of 35 (7.9%) from the 444 reported in 1998.

POLICE EMPLOYMENT DATA

Statewide there were 4,881 full-time sworn law enforcement officers in Nevada in 1999. This represents a ratio of 2.5 officers per 1,000 population. Nationally the average ratio per 1,000 was 2.4 in 1998.

Carson City - Ormsby County Courthouse

For almost sixty years, Ormsby County officials used the converted Great Basin Hotel for a courthouse. In 1920, county commissioners accepted designs by Frederick J. DeLongchamps for a new courthouse, the two-story structure just to the north of it's twin, the Heroes' Memorial Building on Carson Street in Carson City. The Neo-Classical courthouse cost \$65,000. By way of comparison, a new law enforcement facility was opened in 1999 at a cost of \$22,000,000. It now houses the District and Justice Courts as well as the County Jail, and the offices of the District Attorney and the County Clerk.

1997-1999 Nevada Index Crimes

The figures displayed here represent the latest three calendar-years of data collection and compilation under the state-run Nevada UCR Program. Thirty-eight agencies are currently reporting UCR data, covering 100% of the state's population.

Crime rates as they appear in this publication are per 1,000 population. No attempt is made to incorporate transient populations or other factors which contribute to the ratio and types of crime in given areas. Any effort to make comparisons of crime rates between areas should be tempered by these population and environmental variables.

VIOLENT CRIMES

1999

Crime Clock - One Violent Crime Every 51 Minutes, 58 Seconds

Crimes of violence involve the element of personal confrontation between the perpetrator and victim and entail the threat or use of violence. By their very nature, violent crimes (murder, rape, robbery and aggravated assault) are considered more serious than property crimes. The total number indicates only the number of incidents reported to enforcement and does not reflect the number of criminals who committed them or the number of injuries inflicted.

The 1999 violent crime rate in Nevada was 5.2 offenses per 1,000 population. Violent crimes represented 12.2% of all reported index crimes. Enforcement agencies cleared 3,979 violent crimes for a 38.6% clearance rate.

	1997	1998	Number Change	Percent Change	1998	1999	Number Change	Percent Change
Murder	193	174	-19	-9.8%	174	165	-9	-5.2%

^{*}The criminal statistics within this publication are only those criminal statistics reported to the Uniform Crime Reporting Program by the participating law enforcement agencies.

PROPERTY CRIMES

1999

Crime Clock - One Property Crime Every 7 Minutes, 3 Seconds

Property crimes include burglary, larceny, motor vehicle theft and arson. These crimes do not involve the threat of violence, but entail property taken from one by another, or the destruction of property by arson. Because arson is the most recent addition to the crime index, to this point in time, the UCR Program has not fully reported it along with the other offenses. The reason for this is not all agencies participating in the UCR Program have consistently reported arson information, thus data reliability is still marginal.

There were 74,498 property crimes reported in 1999, representing 87.8% of total reported index crimes. Enforcement agencies cleared 16,810 (22.6%) of the property offenses. Nevada's property crime rate per 1,000 population in 1999 was 37.86.

	1997	1998	Number Change	Percent Change	1998	1999	Number Change	Percent Change

Churchill County Courthouse

Since its organization, Churchill County has had several courthouses. The ones in LaPlata and Stillwater were simple structures and no longer exist. When the county seat moved to Fallon in 1903, the commissioners built this two-story wooden courthouse designed by Ben Leon of Reno at a cost of \$7,300. The structure opened in 1904 and is currently used for county offices. It is still Nevada's only substantial wooden courthouse. In 1973, the county opened a new law enforcement facility behind the old courthouse.

MURDER AND NON-NEGLIGENT MANSLAUGHTER

_____1999_____

Crime Clock - One Murder Every 2 Davs, 5 Hours

Murder and non-negligent manslaughter are described by UCR as the willful (non-negligent) killing of one human being by another, or, if the death is the result of the commission of another criminal act.

Murder--NRS 200.010: "Murder is the unlawful killing of a human being with malice aforethought, either express or implied, or caused by a controlled substance which was sold, given, traded or otherwise made available to a person in violation of Chapter 453 of NRS."

Manslaughter--NRS 200.040: (1) "Manslaughter: (a) Is the unlawful killing of a human being, without malice express or implied, and without any mixture of deliberation...(2) Manslaughter must be voluntary, upon a sudden heat of passion, caused by provocation apparently sufficient to make the passion irresistible; or, involuntary, in the commission of an unlawful act..."

Included in this publication's count for this offense classification are deaths caused by negligence. Although manslaughter by negligence is recorded on the "offense known to police" form along with murder, it is not considered by the UCR Program to be an index offense. Attempts to murder or assaults to murder are scored as aggravated assaults and not murder.

^{*}Due to the unlimited set of possible circumstances surrounding homicides, it is difficult to provide clear-cut or precise statistical categories for all. To achieve uniformity, the number of circumstance categories has been kept to a minimum. Caution is suggested in drawing generalizations from the data without more deliberate analysis. This table makes no attempt to analyze the motives of offenders, but rather to display general circumstances surrounding events. Also note that it is possible to have more than one victim/murder for each circumstance.

^{**}The number of relationships may not agree with the number of victims due to instances of multiple offenders or victims.

Clark County Courthouse

Clark County has had three courthouses since its creation in 1908. The first was a simple square concrete building with a parapet. F.J. DeLongchamps designed a Spanish Colonial Revival replacement in 1913, shown above circa 1920. The structure cost \$46,000 and served the county for many decades until it was demolished after a new courthouse was built. Walter Zick and Harris Sharp designed the 1958 International style building that is in use today.

FORCIBLE RAPE

_____<u>19</u>99

Crime Clock - One Rape Every 9 Hours, 17 Minutes

Forcible rape, as defined in the UCR Program, is the carnal knowledge of a female forcibly and against her will. Assaults or attempts to commit rape by force or threat of force are also included. Statutory rape (without force) and other sex offenses are excluded.

Sexual Assault--NRS 200.366: (1) "A person who subjects another person to sexual penetration, or who forces another person to make a sexual penetration on himself or another, or on a beast, against the victim's will or under conditions in which the perpetrator knows or should know that the victim is mentally or physically incapable of resisting or understanding the nature of his conduct, is guilty of sexual assault."

Forcible rape differs from other violent crimes in that the victim, in many cases, is reluctant to report the offense to police. The investigation by police, medical examination, court procedure, embarrassment and fear of accompanying stigma all have a deterrent effect on the victim's willingness to make the offense known to police.

Most rapes in Nevada in 1999 occurred at a consistent rate during the months of April through September, accounting for 494 (52.4%) of the yearly total of 943. October had the highest monthly total at 106 (11.2%).

In 1999, Nevada's rate per 1,000 population was .48. In comparison, the 1998 national rate was .34. Nevada has experienced significantly higher rates than the nation as a whole for several years, however, it has dropped substantially since 1995 when it was .58.

Law enforcement was able to clear 35.9% of forcible rapes in 1999.

Douglas County Courthouse

Douglas County has two courthouses. The first, built in 1865, in Genoa is the oldest surviving courthouse in the state. T.J. Furbee designed the structure which Lawrence Gilman and Rufus Adams built for less than \$20,000. This courthouse now houses the Douglas County Historical Museum and displays the memorabilia of Carson Valley's exciting history. The present Douglas County Courthouse, located in Minden, opened on January 1, 1916. Designed by F.J. DeLongchamps, the Neo-Classical building is one of his smallest.

ROBBERY

1999

Crime Clock - One Robberv Every 2 Hours. 5 Minutes

Robbery is defined by UCR as "the felonious and forcible taking of the property of another against his will by violence or by putting him in fear." All attempts to rob are included in the UCR report.

Robbery-NRS 200.380: "Robbery is the unlawful taking of personal property from the person of another, or in the presence, against his will, by means of force or violence or fear of injury, immediate or future, to his person or property, or the person or property of a member of his family, or of anyone in his company at the time of the robbery. A taking is by means of force or fear if used to: (a) Obtain or retain possession of the property; (b) Prevent or overcome resistance to the taking; or (c) Facilitate escape. The degree of force used is immaterial if it is used to compel acquiescence to the taking of or escaping with the property. A taking constitutes robbery whenever it appears that, although the taking was fully completed without the knowledge of the person from whom taken, such knowledge was prevented by the use of force or fear."

Elko County Courthouse

I

In 1869, Elko County used plans by Walter Mobley to build a two-story Greek Revival courthouse at a cost of approximately \$22,000. The county commissioners voted to replace that building with the one pictured above. William Weeks designed the present NeoClassical style courthouse which cost the county \$150,000 in 1911.

AGGRAVATED ASSAULT

1999

<u>Crime Clock - One Aaaravated Assault Every 2 Hours. 45 Minutes</u>

An aggravated assault is an attempt or offer, with unlawful force or violence, to do physical injury to another. This type of assault is usually accompanied by the use of a weapon or other means likely to produce death or serious bodily injury. Attempts are included since it is not necessary that an injury result when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime is successfully completed. Assaults with personal weapons (hands, fists, feet) are scored as aggravated if there is personal injury requiring more than simple first-aid treatment.

Assault--NRS 200.471: (1) "...means an unlawful attempt, coupled with a present ability, to commit a violent injury on the person of another...(2) (b)...use of a deadly weapon, or the present ability to use a deadly weapon..."

Battery--NRS 200.481: (1) (a) "...means any willful and unlawful use of force or violence upon the person of another."

Not included in this class are simple (non-aggravated) assaults. Simple assaults are non-index offenses, although a record is kept of these assaults on the "Offenses Known to Police" form. During 1999, there were 27,100 simple assaults reported in Nevada, with a clearance rate of 52.7%.

There were 4,994 aggravated assault offenses reported to enforcement in 1999 and the occurance rate was consistent throughout the entire year. The highest single month was March with 486 (9.7%).

. Nevada law enforcement cleared 2,427 aggravated assaults (48.6%).

Esmeralda County Courthouse

Esmeralda County built its first courthouse after moving the county seat from Aurora to Hawthorne in 1883. The two-story building served the county for nearly twenty-five years until the seat was moved to Goldfield. There the county built this 1907 imposing Mission Revival stone courthouse costing nearly \$80,000.

BURGLARY

1999

Crime Clock - One Burglary Every 30 Minutes. 50 Seconds

Burglary, also known as breaking and entering, is "...the unlawful entry or attempted forcible entry of any structure to commit a felony or larceny."

Burglary--NRS 205.060: (1) "Every person who, by day or night, enters any house, room, apartment, tenement, shop, warehouse, store, mill, barn, stable, outhouse, or other building, tent, vessel, vehicle, vehicle trailer, semi-trailer or house trailer, airplane, glider, boat or railroad car, with intent to commit grand or petit larceny, assault or battery on any person or any felony, is guilty of burglary."

Incidents of burglary occurred most frequently during the months of February (1,603), March (1,599) and December (1,652). Their cumulative number represented 27.6% of the annual total.

Of the 17,613 burglaries reported to law enforcement in Nevada in 1999,4,012 (22.8%) were cleared.

Nevada's burglary rate per 1,000 population in 1999 was 8.95. The highest recorded rate for this decade thus far was in 1991 (14.04).

Eureka County Courthouse

The Eureka County Courthouse, the only one built in the county, is one of two nineteenth century Nevada structures still in use as a courthouse. Completed in 1880, it has restrained Italianate-style details. George F. Costerisan designed the building which cost about \$38,000. The vault and other fixtures boosted the price to over \$50,000.

LARCENY-THEFT

_____1999_____

Crime Clock - One Larcenv Every 12 Minutes, 11 Seconds

Larceny is the unlawful taking of the property of another with the intent to deprive him of ownership.

Theft--NRS 205.0832: "A person commits theft if, without lawful authority, he knowingly:

- (1) Controls any property of another person with the intent to deprive that person of the property.
- (2) Converts, makes an unauthorized transfer of an interest in, or without authorization controls any property of another person, or uses the services or property of another person entrusted to him or placed in his possession for a limited, authorized period of determined or prescribed duration or for a limited use.
- (3) Obtains real or personal property or the services of another person by a material misrepresentation with intent to deprive that person of the property or services. As used in this subsection, "material misrepresentation" means the use of any pretense, or the making of any promise, representation or statement of present, past or future fact which is fraudulent and which, when used or made, is instrumental in causing the wrongful control or transfer of property or services. The pretense may be verbal or it may be a physical act.
- (4) Comes into control of lost, mislaid or misdelivered property of another person under circumstances providing means of inquiry as to the true owner and appropriates that property to his own use or that of anothe person without reasonable efforts to notify the true owner.
 - (5) Controls property of another person knowing or having reason to know that the property was stolen.
- (6) Obtains services which he knows are available only for compensation without paying or agreeing to pay compensation or diverts the services of another person to his own benefit or that of another person without lawful authority to do so.
- (7) Takes, destroys, conceals or disposes of property in which another person has a security interest, with intent to defraud that person.
 - (8) Commits any act that is declared to be theft by a specific statute.
- (9) Draws or passes a check, and in exchange obtains property or services, if he knows that the check will not be paid when presented."

^{*}The criminal statistics within this publication are only those criminal statistics reported to the Uniform Crime Reporting Program by the participating law enforcement agencies.

Humboldt County Courthouse

Humboldt County's first courthouse was a saloon in Unionville. When the seat was moved to Winnemucca, the county erected a \$47,000 Italianate-style courthouse. After it burned in 1918, the county commissioners employed F.J. DeLongchamps to design the present Neo-Classical building. Opening in 1921 at a cost of \$150,000, the courthouse has an ornate interior.

MOTOR VEHICLE THEFT

1999

Crime Clock-1 Motor Vehicle Theft Every 40 Minutes, 8 Seconds

Uniform Crime Reporting defines motor vehicle theft as the larceny or attempted larceny of a motor vehicle, including "joy riding." Excluded from this class is a reported offense where there is lawful access to the vehicle, such as a family situation or unauthorized use by others with lawful access, such as with employees.

Motor vehicles are defined by UCR as self-propelled vehicles that run on the surface of the land and not on rails, such as automobiles, trucks, buses, motorcycles, motor scooters, snowmobiles, A TV's, etc. Not included are farm equipment, construction equipment, airplanes, motorboats.

Motor Vehicle Theft--NRS 205.2715: "(1) Every person who takes and carries away or drives away the vehicle of another without the intent to permanently deprive the owner thereof but without the consent of the owner of such vehicles is guilty of a gross misdemeanor. (2) Every person who is in possession of a vehicle without the consent of the owner of such vehicle may reasonably be inferred to have taken and carried away or driven away the vehicle."

Motor vehicle thefts occurred most frequently during the months of August through October. These months collectively accounted for 27.6% of 1999's total motor vehicle theft offenses.

Law enforcement cleared 1,511 (11.5%) of all motor vehicle thefts in Nevada in 1999.

Lander County Courthouse

The courthouse in Austin that still houses county offices opened in 1872. It is the only remaining Greek-Revival-style county courthouse in Nevada. D.P. Bell designed the structure which cost about \$30,000. However, in 1979 the county seat moved to Battle Mountain to the north where officials established courthouse facilities in this 1916 school of Neo-Classical design.

Crime Clock - One Arson Every 14 Hours. 2 Minutes

Arson was the eighth and latest index offense to be added to the UCR Program by congressional mandate in 1979. Since only 8,329 agencies covering 67% of the United State's population submitted reports for all 12 months of the year, data users should be aware that the figures do not represent the Nation's total arson experience. Caution is recommended when viewing arson trend information. Figures may have been influenced by improved arson reporting procedures. It is expected that year-to-year statistical comparability will improve as collection continues.

Nationally, 78,094 arsons were reported in 1999. The national overall rate of arson per 1,000 population was .39. Regionally, the highest arson rate in 1999 was in the Southern States, with .20 per 1,000 population. There were 624 arsons reported in Nevada in 1999, compared to 667 in 1998. Nevada's arson rate per 1,000 population has decreased consistently since the 1995 rate of .47. The 1999 rate was the lowest at .32.

Arson--NRS 205.005: "Any person shall be deemed to have set fire to a building, structure or any property mentioned in NRS 205.010 to 205.030, inclusive, whenever any part thereof or anything therein shall be scorched, charred or burned."

In 1999, arson offenses in Nevada occurred most frequently during the months of May (65), September (60) and October (64). These months represented 30.3% of the year's total. Law enforcement cleared 99 (15.9%) of reported arson offenses in 1999.

Lincoln County Courthouse

Lincoln County's famous "million dollar courthouse" was finished in 1872. Cost over runs and interest on the debt probably made the total cost about \$800,000. The two-story brick structure has simple Italianate-style details. A museum now occupies the building. It was replaced in 1938 with Nevada's only Art Deco courthouse, a two-story white concrete building. Both courthouses are in the town of Pioche.

CLEARANCE RATES

1999

For Uniform Crime Reporting purposes, a crime index offense is cleared when a law enforcement agency has identified the offender, there is enough evidence to charge him and he is actually taken into custody. The arrest of one person can clear several crimes, or several persons may be arrested in the process of clearing one crime.

Crime solutions are also recorded in exceptional circumstances when some elements beyond law enforcement control preclude formal charges against the offender. An offense may be exceptionally cleared when it falls into one of the following categories:

- 1. The offender commits suicide.
- 2. A double murder occurs (two persons kill each other).
- 3. The offender dies after making a confession (dying declaration).
- 4. The offender is killed by law enforcement officers.
- 5. The offender confesses to committing a crime while already in custody for another crime or serving a sentence for another crime.
- 6. The offender is prosecuted in another city for a different crime or the same crime by federal, state or local authorities, and the other juristiction refuses to release the order.
- 7. Another jurisdiction refuses to extradite the offender.
- 8. The victim of a crime refuses to cooperate in the prosecution.
- 9. The offender is prosecuted for a less serious charge than the one for which he was arrested.
- 10. The offender is a juvenile who is handled by a verbal or written notice to the parents in instances involving minor offenses such as petit or simple larceny.

During 1999, 24.5% of reported index crimes in Nevada were cleared, either by arrest or exceptional means. The percentage of violent crimes cleared in Nevada in 1999 was 38.6% compared to the national 1998 figure of 49.1 %, while property crime clearances were 22.6% compared to the national 1998 level of 21.2% (arson is not included in the national clearance percentage).

Lyon County Courthouse

The first Lyon County Courthouse was built in Dayton in 1864. After the simple structure burned in 1909, the seat moved to Yerington. There the county built a F.J. DeLongchamps courthouse, completed in 1912. The structure combines features of Neo-Classical and Beaux Arts style with a nineteenth-century eclectic attitude towards ornamentation. The structure cost about \$40,000 and is still in use as a county facility.

ARREST DATA

1999

Primarily a gauge of law enforcement's response to crime, arrest counts also provide definitive data concerning the age, sex and race of perpetrators. Arrest practices, policies and enforcement emphases vary from place to place and even within a community from time to time. While the practices for certain unlawful conduct such as drunkenness, disorderly conduct, vagrancy and related violations may differ among agencies, those for robbery, burglary and other serious crime arrests are more likely to be uniform and consistent throughout all jurisdictions. The UCR Program procedures require that an arrest be counted on each separate occasion a person is taken into custody, notified or cited. Annual arrest figures do not measure the number of individuals arrested since one person may be arrested several times during the year for the same or different offenses. For UCR purposes, a juvenile is counted as "arrested" when the circumstances are such that if he or she were an adult an arrest would result, but in fact, there may not have been a formal charge.

Nationwide, law enforcement agencies made an estimated 14.5 million arrests in 1998 (the latest figures available) for all criminal infractions except traffic violations. When the overall arrest volume was related to the total United States population, the rate was 55.3 arrests per 1,000 inhabitants. In Nevada, enforcement reports to UCR in 1999 indicated a total arrest figure of 145,843 (including the Nevada Highway Patrol & Nevada Division of Investigations). The arrest rate per 1,000 in population for the state was 73.9.

During 1999:

- -- 17.7% of all arrests were juveniles, 82.3% were adults
- -- Index Offenses accounted for 22.6% of juvenile arrests
- -- For Adults, 11.7% of arrests were for index offenses
- -- Over one-third (32.6%) of adult arrests were between the ages of 30 and 39.

Mineral County Courthouse

Mineral County was subdivided from the northern section of Esmeralda County on February 10, 1911, to serve residents of Hawthorne after the Esmeralda County seat moved to Goldfield. Mineral County officials established themselves in the old Esmeralda County Courthouse, making it the only Nevada courthouse to serve two counties.

Built in 1883, it cost \$32,000 and is no longer in use. In 1970 the county built a new courthouse in Hawthorne.

Place courtesy at Nevada Historical Society

ARRESTS - DRUG AND LIQUOR VIOLATIONS

1999

Due to the nature of the violations, along with exceptional interest and concern by public officials and citizens of Nevada, a special review is provided for drug and alcohol-related arrests. Tables on the following pages display the number and age of people arrested in 1999. Nevada Highway Patrol numbers are provided separately.

The information provided here should be of interest to social agencies involved in the study of drugs and alcohol problems in Nevada. The information pinpoints the predominant drug and liquor arrests in Nevada by age and identifies potential problem areas.

Nevada drug arrests for all agencies totalled 12,037 (includes arrests by Nevada Highway Patrol (NHP) and Nevada Division of Investigations (NDI)). DUI arrests for all agencies totalled 11,777 (includes arrests by NHP).

Facts revealed by the table on drug violations for county and municipal agencies:

- 85.3% of juvenile arrests involved possession violations, 14.7% involved sale / manufacturing.
- 75.3% of adult arrests involved possession violations, 24.7% involved sale / manufacturing.
- Of the 10,571 total drug arrests, 8,403 were male and 2,168 were female.
- The age group 18-24 accounted for most drug possession violations at 2,208 (27.1%).
- The age group 20-24 accounted for most drug sales/manufacturing violations at 418 (17.4%).

Facts revealed by the table on liquor violations for county and municipal agencies:

- 92.2% of juvenile arrests involved liquor laws, 7.8% were for driving under the influence (DUI)
- 42.4% of adult arrests involved figuor laws, 57.6% were for driving under the influence (DUI).
- A total of 8,057 adults were arrested for DUI, 151 juveniles were arrested.
- Of 8,208 DUI arrests in 1999, 6,769 were male, 1,439 were female.

Facts revealed by the tables on drug and DUI arrests for the Nevada Highway Patrol:

- A total of 1,085 drug arrests and 3,569 DUI arrests.
- Of NHP drug arrests, 95.9% involved persons 18 years of age and older.
- Of NHP DUI arrests, 99.0% involved persons 18 years of age and older.
- The age group 21-29 accounted for most NHP drug arrests with 396 (36.5%).
- The age group 30-39 accounted for most NHP DUI arrests with 1,124 (31.5%).

Nye County Courthouse

The Nye County Courthouse in Belmont, as shown above, was built in 1875 for about \$20,000. The Italianate-style structure with a Tuscan cupola is now a state park. In 1905, the Nye County seat moved to Tonopah where the commissioners built a massive stone courthouse with Romanesque Revival details. Designed by J.C. Robertson, it cost about \$28,000.

Hate Crimes

1999

-it shall be unlawful for any person, maliciously and with specific intent to intimidate, harass, cause physical injury, or damage real or personal property of another person because of that person's race, color, religion, ancestry, or national origin.--

In April, 1990, a federal mandate to collect and report hate/bias crimes was passed by Congress.

Unlike other Uniform Crime Reporting data, which account for actual reported numbers of definite offenses, hate crime reporting requires rather subjective opinions regarding sensitive issues. This requires various law enforcement administrators to develop and utilize viable and appropriate responsive policies.

Accurate data collection for hate crime requires proper training of enforcement personnel in incident recognition as well as cooperation and desire of enforcement communities to report these offenses without influence of special interest groups, media and politics.

Criteria for recognizing and reporting hate crimes have been prepared and distributed to all law enforcement agencies in Nevada. Enforcement personnel training is periodically offered by the Nevada UCR Program and the Federal Bureau of Investigation.

Information reported in this category includes the offense in relation to the bias incident, motivation (anti-race, anti-religion, anti-sexual orientation, anti-ethnicity, etc.) and identification of victims' and offenders' sex, race and ethnicity.

Nevada enforcement agencies reported 74 hate/bias incidents in 1999. There were 56 reported in 1998 and 43 in 1997.

Pershing County Courthouse

On March 18, 1919. Cover for Piemet D. Beyle signed legislation erecting Neverces of any asystematic Section of the Operating Commissioned a F. Del angebrungs designed New Cossical countries in Love as k. Built by they are S. Williams for these settement the formal engine duces a semiral circular countroom who a statches its original certain. The formal contributes as a requesive the state and as or 1986 a part on wide search had wield storny one other with a sample state.

STOLEN AND RECOVERED PROPERTY VALUES

1999

Supplementary reports relating to stolen and recovered property provide information on the estimated value of such property Investigating officers have the obligation to assess the value of property stolen and recovered in each crime index offense. Officers are guided by the following instructions:

- 1. Use fair market value for items subject to depreciation
- 2. Use wholesale cost of goods stolen from retail establishments.
- 3. Use victim's evaluation of non-depreciable items.
- 4. Use cost of replacement to victims for new or almost new items

There was over \$140 million dollars worth of property reported stolen in Nevada during 1999. This value does not include the value of property damaged due to vandalism, malicious mischief or arson. Following are some pertinent facts regarding stolen property in Nevada in 1999:

- Property stolen totaled \$142,210.934
- Property recovered totaled \$44,849,372
- The rate of recovery was 31.5%.
- The property type with the highest recovery rate was motor vehicles at 63.5%
- The rate of recovery for property stolen excluding motor vehicles was 6.2%
- -- Stolen property, excluding motor vehicles, was valued at \$79,302,447 with \$4,914,325 recovered

Washoe County has built three courthouses. The first, in Washoe City, was constructed in 1863. In 1871, the county seat was moved to Reno where commissioners built an Halianate courthouse for about \$20,000. In 1909, the county used portions of the older structure to build a Beaux Arts style courthouse. This was the first courthouse designed by noted architect EJ. DeLongchamps. Completed in 1911, the building had a massive copper dome and cost about a quarter of a million dollars. In 1999, \$440,000 was allocated for restoration of the glazed terra cotta, limestone and granite facade.

ENFORCEMENT PERSONNEL EMPLOYMENT DATA

1999

The Uniform Crime Reporting Program in Nevada compiles information on enforcement personnel statewide included are the total number of sworn and civilian support personnel with each agency broken out by gender. Also provided in this section are ratios of police to population.

A wide variety of factors unique to different jurisdictions affect the number of employees utilized by various 'aw enforcement agencies to enable them to fulfill their service requirements. Because of this, persons attempting to make comparisons of population/enforcement personnel ratios between agencies/jurisdictions should do so cautiously. The State of Nevada, especially, with highly transient and seasonal population variations, has enforcement requirements which differ from many other jurisdictions.

Usage of the term "full time sworn" when referring to enforcement personner does not necessarily mean they are engaged in what the public generally perceives as "regular" police duties, such as investigations, patroi, determence, etc. The number of personnel available for "regular" duties is affected by regulatory, correctional, administrative and special assignments. Consideration of in-house duties and responsibilities should temper comparisons of agencies.

Sworn Personnel

- During 1999, there were 3,144 full-time sworn municipal personnel in Nevada, providing 1.60 officers per 1.000 residents for urban population areas.
- There were 979 full-time sworn deputies employed by Nevada's 16 sheriff's departments in 1999, and 388 troppers with the Nevada Highway Patrol. The ratio of enforcement personnel for every 1 000 population in the rural areas was 1.77
- Statew.de, there were 4.881 full-time sworn law enforcement officers in 1999. This represents an overall ratio of 2.5 officers per 1,000 Nevada residents.
- Nationally in 1998, the latest full year of data available, the average number of municipal officers per 1 000 inhabitants was 3.1. For suburban areas the number was 2.6 and for rurals the figure was 2.5.
- Regionally, the highest ratios of sworn officers to population in 1998 were recorded in the Northeastern and Southern states, where there were 2.8 and 2.7 per 1,000 inhabitants respectively. The Western states had the lowest ratio of 1.8 per 1,000.
- The nation's law enforcement community overall, in 1998, had an average of 2.5 full-time sworn personnel for every 1,000 inhabitants.

Civilian Personnel

- Municipal police departments in Nevada in 1999 employed a total of 1,657 full time civilians.
- Sheriff's departments statewide maintained 420 full-time divilian employees in 1999. The Nevada Highway Patrol employed a total of 189.
- The total number of full-time divilian support personnel employed statewide in 1999 was 2,511

ASSAULTS ON LAW ENFORCEMENT PERSONNEL

Nevada UCR compiles detailed monthly data regarding the problem of assaults on law enforcement personnel. The following displays more noticeable points on this issue.

Facts - 1999 Assaults

- There were a total of 479 assaults on law enforcement personnel in Nevada (444 in 1998).
- -- The ratio of assaults per 100 officers was 9.8 (11.4 in 1998).
- The greatest number of officer assaults occurred while responding to domestic and other disturbance calls—132 or 27.6% of the total (132--29.7% in 1998).
- Most assaults on officers involved the use of hands, fists, feet, etc., accounting for 422 incidents or 88.1% (381–85.8% in 1998).
- Personal injury to officers occurred in 70 (14.6%) of the 479 incidents, while 409 (85.4%) escaped injury
- 39.9% or 191 of the assaults were aimed at officers who were alone, while 288 (60.1%) involved assisted personnel.
- The time period during which the most assaults occurred was between 8:00 p.m. and 12:00 p.m., with 131 incidents or 27.3%. Another 92 (19.0%) took place between 12:00 a.m. and 4:00 a.m.
- -- Law enforcement cleared 475 (99.2%) of all assaults on personnel

Storey County Courthouse

After the fire of 1897 destroyed Storev County's first makeshift courthouse, the commissioners built this ornate High Victorian structure. Designed by Henry and Charles W. Kenitzer and Edward T. Raun of San Francisco, the Virginia City building cost about \$117,000. The courthouse has served as a courthouse longer than any other structure in Nevada.

CLASSIFICATION OF OFFENSES

Uniformity in reporting under the Nevada Uniform Crime Reporting System is based on the proper classification of offenses reported to or known by the police. The adoption of the National System of Uniform Crime Reporting included the utilization of the offense classifications of that system. Law enforcement in this State has made accurate application of those classifications in the reports submitted to the Nevada Uniform Crime Reporting Program. In view of the need for compatibility with the National System, "offenses, under the program are not distinguished by designation of imisdemeanors", "felonies" or violations of municipal ordinances. The explanations of offense classifications may vary slightly from language used by those familiar with Nevada State Law. However, the major categories of offense classification remain the same between the national and state lever.

PART I OFFENSES

Offense data consists of information that has been extracted from reports of Part I crimes that have come to the attention of Novada Law Enforcement Agencies. In general, Part I crimes are usually reported to law enforcement agencies. Part I crimes are comprised of the following offenses.

HOMICIDE

1a Murder and Non-Negligent Manslaughter - The unlawful killing of a human being with malice aforethought.

Genera: Rule - Any death due to a fight, quarre liargument lassault or commission of a crime

1b. Manslaughter by Negligence - The unlawful killing of a human being, by another, through gross negligence

General Rule - The killing may result from the commission of an unlawful act or from a lawful act performed with gross negligence.

2. FORCIBLE RAPE

2a Rape by Force -The carnal knowledge of a female forcibly and against her will

General Rule - Forcible rape of a female, excluding carnal abuse (statutory rape) or other sex offenses

2b. Attempted Forcible Rape - All assaults and attempts to rape

ROBBERY

The felonious and familia taking of the property of another, against his will, by violence or by putting him in fear, includes all attempts.

- 3a Gun All robbenes and attempted robbenes involving the use of any type firearm (revolvers, automatic pistols, shotguns, zip guns, rifles, pollot guns, etc.)
- 3b Knife or Cutting Instrument. All robberies and attempted robberies involving the use of cutting or stabbing objects (knife, razor, hatchet, axell soissors, glass, dagger, ice pick, etc.).
- 3d Other Dangerous Weapon All robber es or attempted robberies when any other object or thing is used as a weapon. (This includes clubs, bricks, jack handles, explosives, acid, etc.)
- 3d Strong Arm-Hands, Fists, Feet, etc. All robberies which include mugging and similar offenses where no weapon is used, but strong-arm tactics are employed to deprive the victim of his property. This is limited to hands, arms, fists, feet, etc. As in armed robbery, all attempts are included.

4. ASSAULT

An assault is an attempt or offer, with unlawful force or violence, to do physical injury to another.

General Rule - All assaults will be classified in the following categories excluding assaults with intent to rob or rape.

- 4a Gun All assaults and attempted assaults involving the use of any type of firearm (revolvers, automatic pistols, shotguns, zip guns, etc.)
- 4b. Knife or Cutting Instrument All assaults and attempted assaults, involving the use of cutting or stabbing objects (knife razor, hatchet, axe scissors, glass, dagger ice pick, etc.)
- 4c Other Dangerous Weapon Ail assaults or attempted assaults when any other object or thing is used as a weapon (clubs, bricks, jack handles, explosives acid, poison, burning, and cases of attempted drowning, etc.)
- 4d Hands, Fists, Feet, Etc. Aggravated Assaults which are of an aggravated nature when hands, fists, feet etc., are used. To be classified as aggravated assault, the attack must result in serious injury.

BURGLARY

- Breaking and Entering Unlawful entry or attempted forcible entry of any structure to commit a felony or larceny.
- Note: For Uniform Crime Reporting purposes the terms "Burglary" and "Breaking and Entering" are considered synonymous. All such offenses and attempts are scored as burglary. Breaking and Entering of a motor vehicle is classified as a larceny for Uniform Crime Reporting purposes.
- General Rule Any unlawful entry or attempted forcible entry of any dwelling house, attached structure, public building, shop, office, factory, storehouse, apartment, house trailer (considered to be a permanent structure), warehouse, mill, barn, camp, other building, ship or railroad car.
- 5a Forcible Entry All offenses where force of any kind is used to enter unlawfully a locked structure, with intent to steat or commit a felony. This includes entry by use of a master key, celluloid, or other device that leaves no outward mark but is used to open a lock. Concealment inside a building, followed by the breaking out of the structure is also included.
- 5b. Unlawful Entry No Force | Any unlawful entry without any evidence of forcible entry.
- 5c. Attempted Forcible Entry When determined that forcible entry has been attempted

LARCENY-THEFT (except auto theft)

The unlawful taking of the property of another with intent to deprive him of ownership

General Rule—All larcenies and thefts resulting from pocket-picking, purse-snatching, shoplifting, larceny from auto, larceny of auto parts and accessories, theft of bicycles, larceny from buildings, and from coin-operated machines. Any theft that is not a robbery or the result of breaking and entering is included Embezzlement larceny by bailee, fraud or bad check cases is excluded.

7. MOTOR VEHICLE THEFT

The largeny or attempted largeny of a motor vehicle.

General Rule - This classification includes the theft or attempted theft of a motor vehicle which, for Uniform Crime Reporting designation is described as a self- propelled vehicle that runs on the surface of the land and not on rails. Excludes reported offenses where there is a lawful access to the vehicle, such as a family situation or unauthorized use by others with lawful access to the vehicle (chauffeur, employees, etc.) Includes "Joy Riding." Excluded from this category are airplanes, boats, farm equipment and heavy construction vehicles, which are scored in the largeny category.

8. ARSON

The willful or malicious burning to defraud, a dwelling house, church, college, jail, meeting house, public building, or any building, ship or vessel, motor vehicle or aircraft, contents of buildings, personal property of another, goods or chattels, crops, frees, fences, gates, lumber, woods, bogs, marshes, meadows, etc... are scored as arson.

Include all arrests for violations of state laws and municipal ordinances relating to arson and attempted arson.

PART II OFFENSES

The Part II offenses encompass all other crime classifications outside of those defined as Part I offenses. In November 1932, the national LICR Program adopted a Standard Classification of Offenses for the compilation of criminal statistics. This classification was devised and adopted in order that law enforcement, judicial and penal statistics might be uniformly compiled in terms of a single classification of offenses. The definitions of the Part II offenses that follow include some of the offense titles described in NRS and in county or municipal code. These titles have been included as descriptive data to aid in determining the offenses that are included or excluded from each classification.

9. OTHER ASSAULTS

Assaults and attempted assaults where no weapon was used or which did not result in serious or aggravated injury to the victim are included as other assaults.

Examples of local jurisdiction offense titles which would be included in 'other assaults' are:

- A. Simple assault.
- B Minor assault
- C. Assault and battery
- Injury by culpable negligence.
- E Resisting or obstructing an officer F Intimidation
- G. Coercion
- H Hazing
- Attempts to commit the above.

10. FORGERY AND COUNTERFEITING

In the majority of states, forgery and counterfeiting are treated as allied offenses. Placed in this class are all offenses dealing with the making, altering, uttering or possessing, with intent to defraud, anything false in the semblance of that which is true. Including,

- Altering or torging public or other records.
- B. Making, altering, forging or counterfeiting bills, notes, drafts, tickets, checks, credit cards, etc.
- C. Forging wills, deeds, bonds, seals, trademarks, etc.
- D. Counterfeiting coins, plates, bank notes, checks, etc.
- F Possessing or uttering forged or counterfeited instruments
- F. Erasures
- G. Signing the name of another or fictitious person with intent to defraud
- H Using forged labels
- Possession, manufacture, etc., of counterfeiting apparatus.
- Selling goods with altered, forged, or counterfeited trademarks.
- K. All attempts to commit above

11. FRAUD

Fraudulent conversion and obtaining money or property by false pretense. Include:

- A Bad checks, except forgenes or counterfeiting.
- B Confidence games
- C. Leaving full-service gas station without paying attendant
- D. Unauthorized withdrawal of money from an automatic teller machine
- E. Attempts to commit the above

12. EMBEZZLEMENT

Misappropriation or misapplication of money or property entrusted to one's care, custody or control. Attempts are included

13. STOLEN PROPERTY; BUYING, RECEIVING, POSSESSING

Included in this class are all offenses of buying, receiving, and possessing stolen property, as well as all altempts to commit any of these offenses.

14. VANDALISM

Vandalism consists of the willful or malicious destruction, injury, disfigurement or defacement of any public or private property, real or personal, without consent of the owner or person having custody or control by cutting tearing, breaking, marking, painting, covering with filth, or any other such means as may be specified by local law. This offense covers a wide range of malicious behavior directed at property, such as: culting auto tires, drawing obscene pictures on public restrooms walls, smashing windows, destroying school records, tipping over gravestones, defacing library books, etc. Attempts are included.

15. WEAPONS; CARRYING, POSSESSING, CONCEALING

This class deals with weapons offenses, regulatory in nature such as,

- A. Manufacture, sale, or possession of deadly weapons.
- B. Carrying deadly weapons, concealed or openly.
- Cl Using manufacturing etc., silencers
- D. Furnishing deadly weapons to minors
- F. Aliens possessing deadly weapons.
- F All attempts to commit any of the above

PROSTITUTION & COMMERCIALIZED VICE

Included in this class are sex offenses of a commercialized nature such as:

- A Prostitution
- Keeping a bawdyhouse, disorderly house or house of ill repute.
- C. Pandering, procuring, transporting or detaining women for immoral purposes.
- D. All attempts to commit the above.

SEX OFFENSES (except forcible rape, prostitution, commercialized vice)

Includes offenses against chastity, common decency, morals, and the like, such as,

- A. Adultery and formication
- B Buggery
- C. Incest
- D. Indecent exposure
- F Indecent liberties
- F. Seduction

- G. Sodomy or crime against nature
- H Statutory rape (no force).
- I. All attempts to commit any of the above

18. DRUG ABUSE VIOLATIONS

Drug abuse violation arrests are requested on the basis of the narcotics used. Included are all arrests for violations of state and local ordinances, specifically those relating to the unlawful possession, sale, use growing, manufacturing and making of narcotic drugs.

SALE / MANUFACTURING

- A Oplum or opcaine and their derivatives (morphine, heroin, codeine)
- B. Marijuana
- Synthetic narcotics manufactured narcotics which can cause true drug addiction (Demerol, Methadones)
- D. Dangerous non-narcotic drugs (barbiturates, Benzedrine).

POSSESSION

- E. Oplum or cocaine and their derivatives (morphine heroin, codeine)
- T Marijuana
- Synthetic narcotics manufactured narcotics which can cause true drug addiction (Demerol, Methadones)
- H.: Dangerous non-narcotic drugs (barbiturates, Benzedrine)

Includes all attempts to sell, manufacture, or possess any of the above

19. GAMBLING

All charges which relate to promoting, permitting or engaging in gambling. To provide a more refined collection of gambling arrests, the following break- downs are furnished:

- A. Bookmaking (horse and sport books).
- B Numbers and lottery
- C. All other

20. OFFENSES AGAINST FAMILY & CHILDREN

Included are all charges of non-support and neglect of family and children, such as

- Desertion, abandonment, or non-support of spouse or child.
- Neglect or abuses of spouse or child (if injury is serious, score as aggravated assault)
- C Non-payment of alimony
- All attempts to commit any of the above.

Note: Not counted are victims of these charges who are merely taken into custody for their own protection.

21. DRIVING UNDER THE INFLUENCE

This class is limited to the driving or operating of any vehicle while drunk or under the influence of liquor or narcotic drugs. It includes:

- A. Operating a motor vehicle while under the influence
- B. Operating an engine train streetcar, boat, etc., while under the influence

22. LIQUOR LAWS

With the exception of "Drunkenness" (offense 23) and "Driving under the Influence" (offense 21), liquor law violations, state or local, are placed in this class, excluding Inderal violations. It includes

- Manufacturing, sale, transportation, furnishing, possessing, etc. infoxicating liquor.
- B Maintaining unlawful drinking places
- C. Bootlegging
- D. Operating a still
- Furnishing liquor to a minor or intemperate person F. Using a vehicle for illegal transportation of liquor
- G. Drinking on train or public conveyance
- H. All attempts to commit any of the above

23. DRUNKENNESS

Included in this class are all offenses of drunkenness or intoxication, with the exception of "Driving under the Influence" (offense 21)

- A Drunkenness
- B. Drunk and disorderly
- Common or habitual drunkard.
- D Intoxication.

24. DISORDERLY CONDUCT

In this class are placed all charges of committing a breach of the peace. Include:

- A Affray
- B Unlawful assembly
- C. Disturbing the peace
- D Disturbing meetings
- E. Disorderly conduct in state institutions, at court, at fairs, on trains or public conveyances, etc.
- F. Blasphemy, profanity, and obscene language
- G Desecrating the flag
- H. Refusing to assist an officer
- All attempts to commit the above.

VAGRANCY

Persons prosecuted on the charge of being, "a suspicious person, etc.," are included in this class. Include:

- A. Vagrancy
- B Begging
- C. Loitering, (persons 18 and over).
- D. Vägabondage

26. ALL OTHER OFFENSES

Included in this class are all other state or local offenses (except traffic violations) not included in offenses 1 through 25.

- Admitting minors to improper places.
- B. Abduction and compelling to marry.
- C Bigamy and polygamy
- D. Blackmail and extortion
- E Bribery
- F. Combination in restraint of trade, trusts, monopolies
- G Contempt of court
- H Criminal anarchism

- Criminal syndicalism
- J. Discrimination, unfair competition
- K Kidnapping
- L. Marriage within prohibited degrees
- M. Offenses contributing to juvenile delinquency (except as provided for in offenses 1 to 25), such as employment of children in immoral vocations or practices, admitting minors to improper places.
- N Perjury and subornation of perjury
- O. Possession, repair, manufacture, etc. of burglar's tools
- P Possession of drug paraphernalia
- Q. Possession or sale of obscene literature, pictures, etc.
- R Public nuisances
- S. Riot and rout
- f Trespass
- U. Unlawfully bringing weapons into prisons or hospitals
- V. Unlawfully bringing drugs or liquor into state prisons, hospitals, etc.; furnishing to convicts
- W. Unlawful disinterment of the dead and violation of sepulture
- X. Unlawful use, possession, etc. of explosives
- Violations of state regulatory laws and municipal ordinances
- Z. Violation of quarantine
- AA. All offenses not otherwise classified and all attempts to commit any of the above

27. SUSPICION

While "suspicion" is not an offense, it is the grounds for many arrests in those jurisdictions where the law permits. After examination by law enforcement officers, the prisoner is either formally charged or released. Those formally charged are entered in one of the Part I of Part II offense classes. This class is limited to "suspicion" errests where persons arrested are released by police.

28. CURFEW AND LOITERING LAWS (persons under 18)

Contains all arrests made for violations of local curfew or lottering ordinances where such laws exist.

29. RUNAWAY (persons under 18)

For purposes of the UCR program, reported in this category are apprehensions for protective custody as defined by local statute. Arrests of runeways from one jurisdiction by another agency are counted by the home jurisdiction. Protective custody actions with respect to runaways taken for other jurisdictions are not included.

CALCULATION OF RATES

The Uniform Crime Reporting Program provides data for police executives to measure local problems. To facilitate this function, local data must be converted into terms of rates and percentages. Simple formulas are displayed here which may assist in these computations.

CRIME RATES

One of the most meaningful crime statistics is the crime rate. This is the number of Part I offenses per 1,000 inhabitants. This rate can be calculated for any city, town or county.

To compute crime rates, divide the community population by 1,000 and divide the number of offenses in each class by that number. The answer is the number of offenses per 1,000 population and is the crime rate for that particular offense.

Example:

a. Population - 75 000.

b. Number of burglaries 215
 Divide: 75,000 by 1,000 = 75.0
 Divide: 215 by 75.0 = 2.87

The crime rate for burglary is 2.87 per 1,000 inhabitants.

CLEARANCE RATES

The percentage of crimes cleared is obtained by dividing the number of offenses dicared by the number of offenses known. This answer is then multiplied by 100.

Example:

Number of dearances in robbery - 38.

b Number of total robberies - 72
 Divide, 38 by 72 = 0.528
 Multiply 0 528 by 100 = 52 8

The diegrance rate for robbery is 52.8%.

CRIME TREND DATA

Local agencies can compute crime trends for a given offense for their individual agency for a particular period of time.

Example

- a. Auto thefts in your jurisdiction for July through December last year numbered 21
- b Auto thefts in your jurisdiction for July through December this year numbered 29.
 Subtract. 29 21 = 8, notice that 8 is an increase over the past year.
 Divide: 8 by 21 = 0.38, always divide the difference by the total in the earlier time period.
 Multiply: 0.38 x 100 = 38.0.

Your trend in auto theft is a 38 0% increase for the last six months of this year compared to the last six months of last year.

POLICE EMPLOYEE DATA

Police employee rates are expressed as the number of employees per 1,000 population. To compute this rate, divide the population by 1,000 and divide the number of enforcement employees by this number.

Example:

a Your jurisdiction's population - 75,000

b Your agency's number of employees 102 Divide: 75,000 by 1,000 = 75

Divide: 102 by 75 = 1 36

Your employee rate is 1,36 employees per 1,000 population.

White Pine County Courthouse

The first White Pine County Courthouse burned in 1855. In 1877, the seat moved to Ely where county commissioners erected a wooden structure designed by John M. Curtis. I ess than twenty years later, George T. Bearslee supplied the county with plans for a new courthouse. Finished in 1909, the imposing two story structure has Neo-Classical elements that cost \$49,699 plus \$3,381 for the dome.

DOMESTIC VIOLENCE IN NEVADA

1999

Crime Clock - One Domestic Violence Incident every 32 minutes, 16 seconds

Domestic Violence – NRS 217.400: "(a) The attempt to cause or the causing of bodity injury to a family or household member or the placing of the member in fear of imminent physical harm by threat of force. (b) Any of the following acts committed by a person against a family or household member, a person with whom he had or is having a dating relationship or with whom he has a child in common, or upon his minor child or that person:

- A battery.
- (2) An assault.
- (3) Compelling the other by force or threat of force to perform an act from which he has the right to refrain or to refrain from an act, which he has the right to perform.
- (4) A sexual assault
- (5) A knowing, purposeful or reckless course of conduct intended to harass the other. Such conduct may include, without limitation:
 - (I) Stalking.
 - (II) Arson
 - (III) Trespassing.
 - (IV) Larceny.
 - (V) Destruction of private property.
 - (VI) Carrying a concealed weapon without a permit.
- (6) False imprisonment.
- (7) Unlawful entry of the other's residence, or forcible entry against the other's will if there is a reasonably foreseeable risk of harm to the other from the entry."

NRS 171.1227; "Peace officer to submit written report concerning suspected acts of domestic violence; copy of report to be forwarded to central repository."

In accordance with NRS 171.1227 the state's Uniform Crime Reporting (UCR) Program assumed responsibility for the collection of domestic violence statistics on a statewide basis. To facilitate the collection of data in a uniform manner, the UCR Technical Subcommittee designed and presented the "State of Nevada Domestic Violence Statistical Form" to the state's UCR Advisory Committee for recommendation to the Director of the Department of Motor Vehicles and Public Safety for adoption and implementation statewide. On January 1, 1998 this statistical instrument was available for use statewide by 35 Nevada law enforcement agencies. The majority of those agencies have successfully implemented the use of the form in support of the program's data collection efforts. Appendix A provides a copy of the "State of Nevada Domestic Violence Statistical Form".

POPULATION AND CRIME RATES FOR DOMESTIC VIOLENCE

Crime Rate – The Nevada Domestic Violence Crime Rate is based on the occurrence of all reported incidents per 1,000 residents of the state. The state population utilized was 1,967,650, the latest available estimates for 1999 from the Nevada State Demographer's Office as of 01/27/00. A total of 17,961 domestic violence incidents were reported in 1999. As such, the crime rate for domestic violence in Nevada is 8.8 per 1,000. The County Domestic Violence Crime Rate is also based on the occurrence of all reported incidents in a county per 1,000 residents of that county. To compute the crime rate, divide the state/county population by 1,000 and divide the number of offenses by that number. Appendix B provides each county total and population.

VICTIMS AND OFFENDERS

The following tables display the number of victims and offenders by gender, age and race. The number of victims and offenders may not be exactly relational to the total number of incidents due to: 1) multiple victims or offenders in one incident or, 2) an incident where the aggressor was undetermined, in which case, there are 2 victims and/or 2 offenders for one incident.

In 1998, the Uniform Crime Reporting program was limited to reporting only age ranges because of the manual process. With the implementation of a database it is now possible to obtain statistics for actual age of the victim (and offender) and access any specified age or ages requested for a report.

A total of 19,404 victims and 19,020 offenders were reported in 1999, 16,456 victims and 16,801 offenders were reported in 1998. The greater numbers may be the result of more consistent and complete participation by local

Females were victims in 80% and offenders in 25% of reported cases. Males, conversely, were victims in 28% and offenders in 81% of reported cases.

Cohabitant (30%) and spouse (20%) were the most common relationships of victims to offenders. The total number of relationships may not be equal to the total number of victims. While the majority of reports indicated only one relationship, it is also possible to have more than one relationship or participant in an incident.

Day Of The Week						
Day	1998	1999				
Sunday	2,946	3,208				
Monday	2,132	2,454				
Tuesday	2,106	2,361				
Wednesday	1,980	2,232				
Thursday	2,157	2,198				
Fridey	2,221	2,512				
Saturday	2,751	2,996				

incidents of domestic violence occurred most frequently on Saturday (2,996) and Sunday (3,208). Their cumulative number (6,204) represented 34.5% of the total.

Time Of Day						
Hour	1998	1999				
0-0259	2,029	2,269				
0300-0559	1,047	1,192				
0600-0859	999	1,088				
0900-1159	1,290	1,560				
1200-1459	1,707	1,780				
1500-1759	2,461	2,793				
1800-2059	3,359	3,556				
2100-2359	3,401	3,723				

The hours between 1800 and 2359 continue to experience the most incidents of domestic violence (7,279). This represented 40.5% of the total. Conversely, the fewest domestic violence incidents occurred between 0300 and 0859 (2,280) representing 12.7% of the total

(44%) of injuries were reported as minor for both victims and offenders. Medical treatment was refused in (85%) of all incidents. This number may be skewed due to the lack of consistency in reporting the 'severity of injuries' and 'medical treatment received' by some of the larger contributing law enforcement agencies.

Reports indicate that only (23%) of all vicitms were under the influence of alcohol or drugs, while (39%) of all offenders used alcohol or drugs at the time of the offense,

In 1999, (9.650) arrests were reported or a total of 54% of all cases. Only (234) restraining orders were reported to be active at the time of the incidents. *Not all reports indicate whether a restraining order was in place.*

Mitigating Circumstances for No Arrest

There were 9,106 mitigating circumstances given for no arrest of the offender. "Gone upon arrival" (5,491) was by far the most common reason given at 60%. *More than one "mitigating circumstance" is possible for each incident.* The primary aggressor was determined by "corroborating statements" in 46% of all incidents.

Determination of Primary Aggressor

The most often used weapons were hands, fists, feet, etc... (15,861) representing 86% of the total number of weapons used. This includes incidents where more than one weapon was used. The numbers may also be slightly skewed due to the tack of consistency in reporting weapons used.

An act of domestic violence is often committed in association with other crimes. Property destruction continues to be the most often associated crime and equals 47% of all associated crimes.

In 1999 children were present in (6,867) incidents, representing 38% of incidents.

Instructions

Victim Relationship to Offender

Place a check mark next to the appropriets relationship(s) for each victim. More than one relationship type may be marked for each victim if more than one offender is involved.

Crime Associated With incident

Domestic battery is always checked on this form. Additional crime(s) committed during the incident should be checked.

Determination of Primary Aggressor

Place a check mark next to the most appropriate factor(s) for each offender where an arrest was made.

Arrest

Indicate whether or not an arrest was made for this incident for each offender.

Restraining Order in Effect

Indicate if a restraining order is in effect for each offender involved.

No Arrest— Mitigating Circumstances

Place a check mark next to the most appropriate category for each offender. If no category fits, briefly describe next to "Other".

Type of Weapon(s) Used

Place a check mark next to each type of weapon used in the incident.

Children Present

Indicate whether or not children were present during the incident

AUTHORITY

The sixty-sixth session of the Nevada Legislature voted to create a Uniform Crime Reporting Program within the Nevada Highway Patrol in 1991,

NRS 179A.078

Uniform program for reporting crimes; advisory committee to assist in establishing and carrying out program.

- The director of the department shall establish within the central repository, a uniform program for reporting crimes which is designed to collect statistical data relating to crime or delinquency of children and to facilitate the collection and analysis of statistical data relating to crime at a central location.
- 2. To assist in establishing and carrying out the program required by subsection 1, the director shall establish an advisory committee consisting of eight members selected by the director. The committee must be composed of:
 - (a) One member who represents an association of district judges in this state;
 - (b) One member who represents an association of justices of the peace and judges of municipal courts in this state;
 - (c) One member who represents an association of district attorneys in this state;
 - (d) One member who represents a law enforcement agency located in a county whose population is less than 400,000;
 - (c) One member who represents a law enforcement agency located in a county whose population is 400,000 or more;
 - (f) One member who represents the Nevada highway patrol;
 - (g) One member who represents the University and Community College System of Nevada and has knowledge of the criminal justice system; and
 - (h) One member who represents the office of court administrator.
- The members of the advisory committee are not entitled to receive compensation while engaged in the business of the advisory committee.
- 4. A member who is selected to fill a vacancy must possess the same general qualifications as his predecessor in office.
