The Nevada Crime Statistics landing page allows a user to select a jurisdiction, year, and theme. Jurisdictions include state, county, and individual agencies. Themes include property crime, domestic and elderly crimes, violent crimes, hate crimes, and use-of-force. Please note: statistics for DUI and human trafficking are not included in the available themes, instructions are listed below for how to obtain those specific statistics.

The screenshot below shows the landing page.

Click the three horizontal bars in the upper left corner to open the menu to choose search parameters.

Alternatively, make selections from the blue drop down lists on the landing page to get to a theme. For example, try searching for property crimes that occurred in the entire state in 2023. Click GO to run the search.

At the top of the theme, there will be a list of offenses that are included in the selected theme.

Scroll down the page to find graphs and reports for the theme. These graphs will include totals for the

**Property Crime 2023** Nevada Crimes against property include the following: burglary, motor vehicle theft, larceny and arson. Victims are always counted individually though there could be multiple victims / offenders per crime.

# **IMPORTANT TO NOTE!!**

### There are some offenses and statistics that are not searchable via a theme from the landing page!

### (For example: DUI and human trafficking)

If the data a user is searching for is not readily available from the landing page, there are methods of searching for more detailed information.

To begin, start as before, by selecting any jurisdiction, any year, and any theme then selecting *GO* on the landing page. That will take the user to a theme. Scroll down and select "Table Lookup" which can be found on the bottom right of any graph or total in the theme.

PROPERTY CRIME The offender's intent is to obtain money, property or some other benefit and is composed of four offenses – Burglary, Motor Vehicle Theft, Larceny and Arson. One offense is counted for each dist incident except motor vehicle theft, where one offense is counted for each vehicle stolen.								
	Cases: 16,161 Clearance: 12.73%							
	↓-78.72% Compared to 2022							
	Table Lookup 🚺							

Table Lookup will open the table associated with that section. Once that table is open, the user will see File, View, and Help on the top left of the screen.

Go to View – "Show report list" to get to the full report list.

The full list will appear with all available reports for viewing.

Another common search is for DUI offenses. If searching for DUI statistics, typing "DUI" in the search bar will not yield a result. DUIs are categorized as a Group B offense in NIBRS, and as such are documented slightly differently than more serious Group A offenses. To access this data more easily, a user can type "Group B" in the search bar.

#### Search results for: "group" and "b"

In this case, if the "NIBRS Number of Group B Arrestees by Age by Arrest Offense" report is selected it will present data on each Group B offense broken up into age groups (this will include DUIs, seen in the screenshot at the very bottom).
