The hearing concerns regulation amendments relating to concealed firearms and revising the application form for the issuance or renewal of a permit to carry a concealed firearm. The purpose of this hearing is to receive comments from all interested persons regarding the amendment of regulations pertaining to NAC 202.

The following information is provided pursuant to the requirements of Nevada Revised Statute (NRS) 233B.0603:

1. The need and the purpose of the proposed regulation amendment

RCCD drafted proposed regulation amendments to Nevada Administrative Code (NAC 202) to align the regulations with statute and to eliminate duplication of applications for the issuance or renewal of a permit to carry a concealed firearm. A public hearing was held on August 1, 2024, and information collected by RCCD as a result of the hearing has been incorporated into the draft regulation amendment scheduled for hearing on December 20, 2024.

2. How to obtain the approved or revised text of regulations

You may obtain a copy of the proposed permanent at

[https://rccd.nv.gov/Resources/Notice_of_Workshop/Notice_of_Workshop_Page\(2\)/](https://rccd.nv.gov/Resources/Notice_of_Workshop/Notice_of_Workshop_Page(2)/).

3. Methods used in determining the impact on a small business

The Division used informed, reasonable judgment in determining that there would not be an impact on small business due to the nature of the regulation changes to NAC 202.

The proposed amendment to NAC 202 makes minor changes to requirements already established and in place by local law enforcement agencies who issue concealed firearms permits.

4. Estimated economic effect of regulation on businesses and the public

a. Adverse and beneficial effects

The Division finds that the proposed changes to NAC 202 will have no adverse economic effect on small businesses or local law enforcement agencies. The amendments reduce duplicative application requirements, aligns the outdated regulations with current statute and provides for updates to the application in line with state and federal firearms laws.

b. Both immediate and long-term effects

The proposed amendments of NAC 202 do not present any reasonable, foreseeable, or anticipated immediate or long-term economic effects on small businesses or the public.

5. Cost for enforcement of the regulations

The proposed amendments of NAC 202 present no significant foreseeable or anticipated cost.

6. Overlap or duplication of other state or local government agencies

The proposed amendments of NAC 202 do not overlap or duplicate any regulation of other federal, state or local government entities, but does reference regulatory authority granted by NRS 202.

7. Regulation required by federal law

Not applicable.

8. More stringent than federal regulations

The Division is not aware of any similar federal regulations of the same activity in which the state regulations are more stringent for NAC 202.

9. New or increases in existing fees

The proposed amendment to NAC 202 does not include new fees or increase an existing fee.

Persons wishing to comment upon the proposed action of the Division may appear at the scheduled public hearing or may address their comments, data, views, or arguments, in written form, by email to molsen@dps.state.nv.us or by mail to Records, Communications and Compliance Division, Attn: M.
