Conference ID#: 618 102 870#

The hearing concerns regulation amendments relating to concealed firearms and revising the application form for the issuance or renewal of a permit to carry a concealed firearm; also concerning the repeal of regulations governing the collection, maintenance and use of emergency contact information of providers of wireless telecommunications. The purpose of

this hearing is to receive comments from all interested persons regarding the adoption and repeal of regulations pertaining to NAC 202 and 707.100 respectively.

The following information is provided pursuant to the requirements of Nevada Revised Statute (NRS) 233B.0603:

1. The need and the purpose of the proposed regulation amendment/repeal

RCCD drafted proposed regulation amendments to Nevada Administrative Code (NAC 202) to align the regulations with statute and to eliminate duplication of applications for the issuance or renewal of a permit to carry a concealed firearm.

RCCD proposes to repeal NAC 707.100. The regulation is duplicative of what the statute requires and added a layer of complexity to the Division's responsibilities. Information is not being received in the manner prescribed by regulation. Therefore, the Division has developed and implemented internal policies and procedures for the collection, maintenance and use of emergency contact information.

2. How to obtain the approved or revised text of regulations

You may obtain a copy of the proposed permanent or repealed regulations at [https://rccd.nv.gov/Resources/Notice_of_Workshop/Notice_of_Workshop_Page\(2\)/](https://rccd.nv.gov/Resources/Notice_of_Workshop/Notice_of_Workshop_Page(2)/).

3. Methods used in determining the impact on a small business

The Division used informed, reasonable judgment in determining that there would not be an impact on small business due to the nature of the regulation changes to NAC 202 and the repeal of NAC 707.100.

The proposed amendment to NAC 202 makes minor changes to requirements already established and in place by local law enforcement agencies who issue concealed firearms permits.

NAC 707.100 is duplicative of statute. Therefore, the impacted entities will still perform the same duties to provide the Division with emergency contact information pursuant to statute in the absence of the proposed repealed regulation.

4. Estimated economic effect of regulation on businesses and the public

a. Adverse and beneficial effects

The Division finds that the proposed changes to NAC 202 will have no adverse economic effect on small businesses or local law enforcement agencies. The amendments reduce duplicative application requirements, aligns the outdated regulations with current statute and provides for updates to the application in line with state and federal firearms laws.

In reference to the repeal of NAC 707.100, the regulation was duplicative of what the statute requires, therefore there is no adverse effect on businesses and the public.

b. Both immediate and long-term effects

The proposed amendments of NAC 202 and repeal of NAC 707.100 do not present any reasonable, foreseeable, or anticipated immediate or long-term economic effects on small businesses or the public.

5. Cost for enforcement of the regulations

The proposed amendments of NAC 202 and repeal of NAC 707.100 present no significant foreseeable or anticipated cost.

6. Overlap or duplication of other state or local government agencies

The proposed amendments of NAC 202 do not overlap or duplicate any regulation of other federal, state or local government entities, but does reference regulatory authority granted by NRS 202.

NAC 707.100 – not applicable.

7. Regulation required by federal law

Not applicable.

8. More stringent than federal regulations

The Division is not aware of any similar federal regulations of the same activity in which the state regulations are more stringent for NAC 202 and NAC 707.100.

9. New or increases in existing fees

The proposed amendment to NAC 202 does not include new fees or increase an existing fee.

The repeal of NAC 707.100 is not applicable to new or increased fees.

Persons wishing to comment upon the proposed action of the Division may appear at the scheduled public hearing or may address their comments, data, views, or arguments, in written form, by email to molsen@dps.state.nv.us or by mail to Records, Communications and Compliance Division, Attn: M. Olsen at 333 W. Nye Lane, Carson City, NV 89706. Written submissions must be received by the Division on or before July 29, 2024. If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the Division may proceed immediately to act upon any written submissions.

A copy of this notice and the regulations to be amended/repealed will be on file at the State Library, Archives and Public Records, 100 Stewart Street, Carson City, NV, for inspection by members of the public during business hours. Additional copies of the notice and the regulations to be amended/repealed will be available at the Records, Communications and Compliance Division, 333 West Nye Lane, Suite 100, Carson City, Nevada 89706 for inspection and copying by members of the public during business hours. This notice and the text of the proposed regulations are also available in the State of Nevada Register of Administrative Regulations, which is prepared and published monthly by the Legislative Counsel Bureau pursuant to [233B.0653](#), and on the Internet at <http://www.leg.state.nv.us/>. Copies of this notice and the proposed regulation will also be mailed to members of the public at no charge upon request.

Upon adoption of any regulation, the agency, if requested to do so by an interested person, either before adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for and against its adoption and incorporate therein its reason for overruling the consideration urged against its adoption.

This Notice of Hearing has been emailed to all Nevada criminal justice agencies on the Division's contact list and posted at the following locations:
